FURTHER INFORMATION

STORAGE / TRANSPORT: This product should be stored at a temperature 0-35°C and 30-70% RH and kept away from solvents, or solvent vapours or any corrosive materials, as these may seriously reduce the impact protection provided by the spectacle. During transportation, ensure the product is well packaged to prevent damage.

PRECAUTIONS BEFORE USE: It is important that the eyewear selected is suitable for the protection required and the wear environment. If in doubt, further information should be sought from the manufacturer. The enclosed product information sheet should be read before use.

RECOMMENDATION / CLEANING: This product can be cleaned with soap and warm water or, if required, disinfected with a UV lamp or cleaned with a common domestic disinfectant. The lenses are coated to provide a certain level of scratch resistance,

however, they are not scratch proof and it is recommended that wiping of the lens is to be kept to a minimum and only done so with a soft non-abrasive cloth.

SERVICE LIFE:

The actual wear life is dependent upon the type of eyewear and the environmental conditions which can effect the wear, contamination and degradation of the product.
